Re: U.S. Patent 6,755,944 B2ION BEAM DEPOSITION TARGETS HAVING AN INTERLOCKING  
INTERFACE AND A REPLACEABLE INSERT

Inventors: Grohman et al.

Our Ref: 303004.3009904

In view of an error in the spelling of one co-inventor's name, Patentees hereby request that the Patent Office issue a certificate of correction as enclosed, to correct the spelling from "Matthew T. Wilson" to Matthew T. Willson— as had been correctly identified by Patentees in their application as filed. **Patentees further request that the Patent Office correct its electronic records, including its Patent Full Text and Image Database (PAIR) to reflect the correct spelling of the co-inventor's name.** As this error was caused by the Patent Office, no fee is believed to be payable for this correction.

Inasmuch as a certificate of correction is being requested for the name correction, Patentees further request that the certificate of correction also include the minor, non-substantive clerical and typographical errors as outlined in the attached certificate of correction form. No new matter is included thereby.

Although no fees are believed to be due for this request, the Commissioner if he disagrees is hereby authorized to charge any fees deemed to be due to Deposit Account No. 50-3010.

Any questions with respect to the foregoing request may be directed to the undersigned attorney at the undersigned attorney's new address and telephone number indicated above.

Respectfully submitted,

Ronald S. Kareken
